

NATURE'S NUTRITION SWINE FEED

Swine are a traditional part of our farm heritage, but have also become wonderful Country Life companions. Pennfield's extensive experience in swine husbandry has been translated into Nature's Nutrition formulas that will fulfill the diverse needs of your pigs. Swine have special requirements that these unique diets provide, whether it is for companionship or market.

PIG STARTER

- 18% Protein, 4.75% Fat, 4.5% Crude Fiber
- Feed to pigs up to 60 lbs.
- Properly balanced amino acids needed to maximize growth, efficiency and strong muscle development.
- Added vitamins and trace minerals for sturdy bones and strong muscles.
- Consistent, high quality, tasty ingredients to encourage appetite.
- Pelleted form reduces waste.

PIG DEVELOPER

- 16% Protein, 3.75% Fat, 6.5% Fiber
- Feed to pigs 60 lbs. and up.
- Balanced protein for strong muscle development for producing a lean pig.
- Pelleted form reduces waste.
